

Final Submission Guidelines

Provided on online submission system and web site

Summary

100-word Summary - Due March 30, 2010

Instructions:

The Organizing Committee will publish all the 100-Word summary abstracts. For efficient preparations by the secretariat, authors must use the MS-Word template to submit their summaries.

ProQuest

The research articles included in the published ICSB Proceedings will be included in the ProQuest (ABI-INFORM Publishing) databases and made available electronically to institutions and libraries subscribing to the ABI-INFORM database products. Individuals searching the ABI-INFORM database will have access to the articles in the same way that journal articles and the published proceedings of other leading academic conferences are currently available. For many authors this may meet their institution's requirements for publication

By uploading your summary, you hereby authorize the electronic publication of your summary via ABI-INFORM Publishing.

Authors may choose to opt out of publication via ABI-INFORM and individual articles or summaries can be removed from the ABI-INFORM data base at any future date should the author(s) of the article choose to do so, by notifying the Executive Director of ICSB (aymanelt@icsb.org).

If you choose not to agree to the electronic publication of your paper via ABI-INFORM Publishing, please email us a copy of your summary to icsb@gwu.edu.

Please note:

In order for abstracts to be published, the presenting author **MUST** pre-register for the congress. Without registration and payment of the registration fees by April 15, 2010, authors will not be scheduled in the scientific program, and will not appear in the abstract book.

Final Paper

Full Paper - Due March 30, 2010

Instructions

The traditional ICSB format for paper submissions follows the format used for the *Journal of Small Business Management (JSBM)*.

ProQuest

The research articles included in the published ICSB Proceedings will be included in the ProQuest (ABI-INFORM Publishing) databases and made available electronically to institutions and libraries subscribing to the ABI-INFORM database products. Individuals searching the ABI-INFORM database will have access to the articles in the same way that journal articles and the published proceedings of other leading academic conferences are currently available. For many authors this may meet their institution's requirements for publication

By uploading your full paper, you hereby authorize the electronic publication of your summary via ABI-INFORM Publishing.

Authors may choose to opt out of publication via ABI-INFORM and individual articles or summaries can be removed from the ABI-INFORM data base at any future date should the author(s) of the article choose to do so, by notifying the Executive Director of ICSB (aymanelt@icsb.org)
